Entry Signs

*Entry signage is only effective
when it looks great, year after year.*

We know what makes a good entry sign – great design, durable materials, reasonable price and good construction. Danthonia Designs ticked all the boxes. We are very happy with their engineering and installation support. They worked with us until everything was perfect.’

Ian Daniels
Project Manager
Rockingham City Council

Danthonia's signage:

Quality

Danthonia uses UV-resistant paints that will not fade, blister, flake or peel. Our scratch-resistant, powder-coated aluminium posts will never rust. And our sign panels will not split, swell, rot or rust because they are both water- and insect-proof.

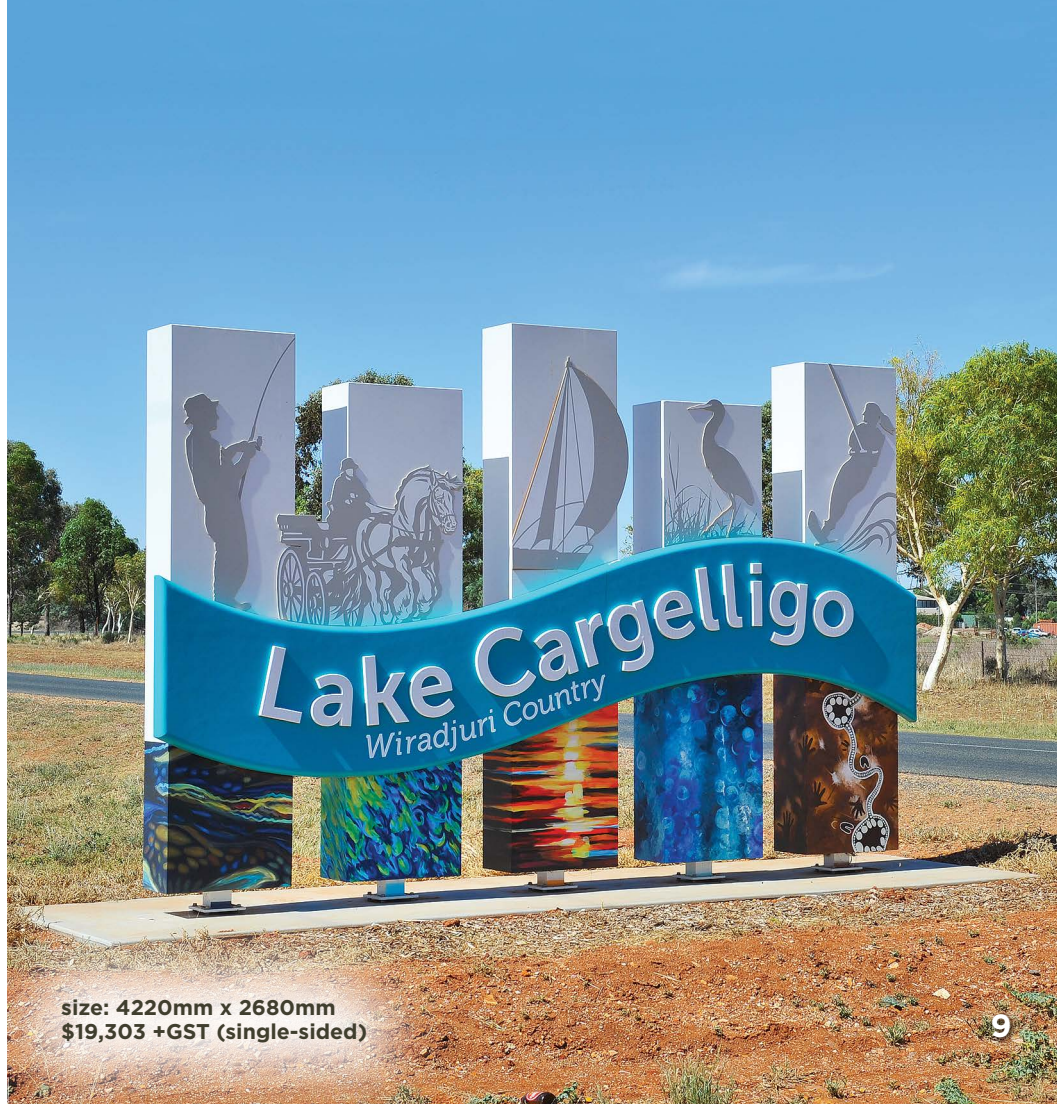

Guaranteed

We provide parts, but much more than that; we pay for all associated labour, access equipment, and shipping costs for failures under warranty.

Best value for money

Danthonia's signs are custom designed and manufactured for you, on time, at a reasonable price, with a clear warranty.

Danthonia delivers:

Distinctive signage

Our innovative designs establish an unmistakable presence.

Dimensional strength

Signs with dimensional variety are strong and compelling.

Visual appeal

Danthonia signs have dimensional layers, yet no visible joints or protruding hardware. All layers, curves, and even LED screens are harmonised into the sign's design.

Quick turnaround

Signs typically deliver only 3 to 5 weeks after receipt of your order. Even large and complex projects are managed efficiently, from concept to completion.

LED Signs

*Get great readability on a striking sign –
and operate it from anywhere.*

The web-based software is especially handy. Being able to remotely maintain the screen means, for example, that over the weekend I can simply log on at home to make changes or updates. If we have any issues, the Danthonia team is there to help straight away.'

width: 2240mm/post height: 4950mm
\$24,735 +GST (single-sided; internal lighting)

Secure

Rest assured, your signs pose no risk to your network security because signs communicate with the website via the 3G network.

Cost effective

There is no ongoing cost to you. Software? Danthonia maintains and upgrades the LED sign control website. Service? LED components carry a five-year warranty including all repairs and replacements, parts, labour and shipping.

Convenient

Update messages from your laptop, smartphone, tablet or PC - anywhere, anytime. An ideal resource during flooding, bushfires and other emergencies.

Fully supported

We provide prompt customer service and free ongoing training and technical support throughout Australia.

Scoreboards

Danthonia's scoreboards:

- Completely customisable for all the main sports
- Run advertising, player statistics, animations and scoring
- Full matrix and full colour
- Bright, high contrast displays for all outdoor conditions
- Efficient LED chips
- Housed in marine-grade aluminium which will not rust
- Engineered to your region's windloads
- Optional cyclone-rated roller shutter to prevent vandalism
- Reliable cooling system, which ensures longevity
- Waterproof tiles that are easy to swap in and out
- Convenient maintenance access
- Easy to service; easy to maintain

The product is good; the service and backup are impeccable. Before they launched into the project, Danthonia came out, assessed the site and took the time to do the legwork necessary to make sure everything was going to work.'

Robert Poulter
Building Engineer
Holroyd City Council

Sport is the heart
and soul of most
Australian towns.

Let Danthonia sign your sporting
grounds. Our scoreboards come
with a complete scoring package
including a scoring laptop, user-
friendly software and software
training – all at no extra cost.

Your board will be ready for the
first game in just a few weeks.
Scoreboards start at \$20,000.

AUSTRALIAN STANDING STONES

TRADITIONAL NGOORABUL LAND

Symbols of the stones

The stones are made of sandstone and are of various shapes and sizes. Some are tall and thin, while others are short and wide. They are arranged in a circular pattern around a central point. The stones are believed to be of great age and are a significant part of the local heritage.

Other points of interest

The site is located in the heart of the Glen Innes Shire, near the town of Glen Innes. It is a popular destination for visitors looking to learn more about the local history and culture. The site is surrounded by a lush green landscape with many trees and a clear view of the surrounding hills.

size: 150mm x 1400mm
\$2,325 +GST (double-sided)

Experienced

We've managed numerous large and complex projects spanning several years.

Quality designs

We turn your text and pictures into clear, concise signage that is easy to follow.

No-fade printing

Map and interpretive signs are printed with UV-resistant inks designed for Australia, and mounted on treated aluminium to prevent corrosion.

Strong

Break-Safe® brackets are structurally durable yet break quickly and cleanly on impact.

Reliable

The system breaks away with consistent, predictable behaviour regardless of the angle of impact.

Compliant

Signs placed in the clear zone of state-controlled roads need to 'give' on impact. We have installed frangible signs in every state.

Maintenance-free

Break-Safe® brackets do not require maintenance.

Frangible Signs

Break-Safe® couplings break quickly and cleanly on impact, saving lives and reducing property damage.

size: 2400mm x 4345mm

\$23,924 +GST (single-sided; incl. frangible hardware)

NUCLEAR FREE ZONE

Committed to Excellence

Danthonia Designs has assisted more than 170 councils with place branding signage. When you choose Danthonia you get:

- **Advice backed by experience**
- **3 to 5 week delivery**
- **10 year warranty on signs, posts & monuments;
5 year warranty on LEDs**
- **Outstanding product support**
- **Distinctive, long-lasting signage**

Danthonia was engaged by Western Downs Regional Council during the 2016/17 and 2017/18 financial years to design, fabricate and install various town entry signs across the region. The end product was very impressive and Council has been in receipt of some really positive feedback from both the community and visitors to our region.

Danthonia has been easy to deal with...professionally managing high risk activities very well, particularly with the installation component along major highways throughout the region.

Matthew Robertson
Parks & Open Space Coordinator
