After comparison with other companies, we engaged Danthonia to design and produce all our signage from the main sign at the front gate to door signs throughout our buildings.

Danthonia is customer focused and produces impressive and distinctive signs that are making a big impact on our college community.'

Grant Cole, Business Manager
Mt St Michael's College

Price information in this catalogue is for budgeting purposes only and is subject to change. Prices include sign boards, monument structures, posts, footing hardware, LED message boards, manual message boards, anti-graffiti coating and communications technology. Prices exclude design, lighting, engineering, shipping and installation. For full warranty information and our terms and conditions visit our website.

LED Signs

The school community is essential to children's growth and development. Our custom LED signs keep your community involved by raising awareness and increasing positive school perception.

Upcoming events, congratulations and emergencies are posted easily from anywhere, at any time. Our web-based system means no data installation, no setup costs and no ongoing costs.

Our Danthonia sign is fantastic.

It's on the highway and we've been having people drive by, do a lap around the block to come back and check the sign out again. Others pull over to take photos of the sign. I'm prone to exaggeration, but I'm not exaggerating when I say that this sign has been the talking point of the town.'

Chris Ferguson, Principal
St Therese's Catholic Primary School

Scoreboards

Danthonia's scoreboards:

- Completely customisable for all the main sports
- Run advertising, player statistics, animations and scoring
- Full matrix and full colour
- Bright, high contrast displays for all outdoor conditions
- Efficient LED chips
- Housed in marine-grade aluminium which will not rust
- Engineered to your region's windloads
- Optional cyclone-rated roller shutter to prevent vandalism
- Reliable cooling system, which ensures longevity
- Waterproof tiles that are easy to swap in and out
- Convenient maintenance access
- Easy to service; easy to maintain

There is no comparison between our old scoreboard and our new scoreboard from Danthonia. In fact, it's a marked improvement over every scoreboard in our area; it's clearer and easier to read even though it is further away. It's fantastic that the score changes instantly. We do running messages and promote upcoming events – right now we're using it to advertise hot coffee.

The clubs and visiting teams have made very positive comments. We are very impressed with our Danthonia scoreboard!

Keith McFarlane
St Albans Football Club

LED: 6080mm x 3520mm
\$125,000 - \$170,000 +GST (single-sided, screen only)

Our school needed new, stand-out signage that was fresh, unique and carried a major wow-factor. We found Danthonia Designs online and their designers created fantastic signs choosing colours which perfectly matched our school. The Danthonia experience was no-fuss and totally smooth; we were given a timeline and the signs were done! The whole process, from the design stage to the signs in the ground, was awesome. Thanks, team!

Chantal Hopkins, Administration
Millner Primary School

Monuments

Needing enrolments? Parents know the quality of your facility from the moment they approach – by the quality of the entry sign. The visual impact of a Danthonia sign assures

parents that your school places a premium on their children's wellbeing. Our hammer-proof coating, seamless construction and ingenious design make a lasting statement.

Distinctive signage

A Danthonia sign convinces everyone of the quality of your facility from the moment they see your entry statement. Your school is unique, so why settle for an off-the-shelf design?

Pylon Signs

Investing in high quality signage has long-term benefits for your school, from enhancing the appearance to prompting enrolment enquiries. Our post signs feature rust-free aluminium posts engineered to

meet the Building Code of Australia. Our waterproof signboards won't crack or rot, and our fade-resistant paints don't flake or peel. We even coat each sign with long-lasting, clear anti-graffiti protection.

Danthonia came on site to recommend locations and sign types, put together helpful design proofs, and produced quality signs that were delivered on time with informative guides on their setup and care. The new signs are making a strong impact on the College profile in the community. In fact, we receive constant compliments on our new signs and the impression they leave on visitors and parents.'

The positive image the signs and totems help promote is vital in continually welcoming and engaging our students, school community and other visitors to the school.'

Brad Trpchev, Associate Principal
Halls Creek District High School

Motivational Sculptures

Every child deserves a learning environment that reinforces good values. Our motivational sculptures tell children their school is a place where they are safe and loved.

Our pencils and didgeridoos come in three standard sizes. Looking for something really different? We create custom sculptures which are just as easy to install. Just tell us your ideas.

Building Signs

Entry signage is only the beginning to your school's statement of quality. Our door, classroom, block and building signs continue your branding

throughout the school. We blend our designs with the materials and colours of your buildings to maintain architectural harmony.

Dealing with Danthonia is straightforward and easy. The level of customer support is the highest I've ever experienced.'

Crests & Letters

Build your brand and establish a strong visual theme throughout your school with crests and letters. Our designers can incorporate your

school logo or crest into handsome 3D signage for your school's multipurpose hall, library or gym.

Everything about our school upholds and promotes our outstanding reputation. That is why we approached Danthonia when it came to signage. They carved a masterpiece consistent with our status as one of the leading schools in the country.'

Getting Started

Using a pre-qualified supplier means avoiding the time-consuming hassle of evaluating quotes while still meeting procurement policy obligations. We are suppliers on the contracts listed to the right.

- **Free Consultation**

Obligation-free designs and quotes.

- **Quick Turnaround**

Your project will be completed in three to five weeks from final design approval.

- **Easy Installation**

We can arrange installation for you. If you choose to do it yourself, we supply footing hardware, templates, instructions and phone support.

- **Ring us on:**

1800 552 700

- **Email us at:**

info@danthonia.com.au

We chose Danthonia for our LED sign because they were the easiest people to deal with: Everything came in one package and the Local Buy contract made the purchasing process very simple. We were so impressed from start to finish and are extremely happy with the after sales service. The sign even weathered a category 4 cyclone without any significant damage: All we had to do was pop in a tile that had come loose, turn on the power, and it worked perfectly.'
